2. Soviet authorities have recruited 500 Koreans and sent them in two groups to Mutanchiang Province to exploit the pine woods in the Weihuling forest area. The first group, 300 men and necessary machines, has headquarters at Lankang [129-24, 44-20]. The second group, 200 men with machinery, has headquarters at Hualin [? Hailin, 129-26, 44-35? which is close to the Harbin-Suifenho Railway]. Each group is under the supervision of five Soviet Russians. The timber exploited is to be sent to the USSR from Suifenho.
